Owner: Phone:
Address: Zip:

Location of Property:

Three horizontal lines for property location.

Site Sketch Attached: Yes No

Present Use of Property:

Materials to be used to construct fence:

Three horizontal lines for materials.

General Guidelines:

It is the Owner/Applicant responsibility to contain the fence within the boundaries of the property. Once project is completed Owner/Applicant shall call for an inspection.

Fences may be placed on property lines however; corner lots and lots backing a street may have additional restrictions.

Fences in the front yard shall be constructed with materials not designed to confine animals or people, but materials that are decorative in nature such as wrought iron, picket, split rail, and chain link. Specifically prohibited in front yards are privacy fences or other material commonly defined as "chicken wire" or similar nature.

No fence, except fences erected upon public or parochial school grounds or in public parks and in public playgrounds shall be constructed of a height greater than three feet in the front yard or eight feet elsewhere.

Signature of Owner/Applicant/ Contractor Date:
